AKIMBO CREATIONS SUCCESSFULLY SECURES IRAP FUNDING

National Research Council of Canada supports Innovative multiplayer Fault Tolerant Peer-to-Peer networking middleware for the gaming industry

Vancouver, BC – July 6, 2015: Akimbo Creations is proud to announce that it has been awarded an IRAP (Industrial Research Assistance Program) Grant from the National Research Council Canada for the development of a Fault Tolerant Peer-to-Peer Networking technology for the gaming industry.

“We are absolutely thrilled and delighted to be recognized and supported by IRAP,” said Behrouz Poustchi, CEO of Akimbo Creations. Mr Poustchi continued, “The Council have recognized the tremendous value of this groundbreaking technology and the wide array of benefits it delivers to the industry.”

Akimbo Creations will be sharing more information regularly on their official website at www.akimbocreations.com.

The National Research Council-Industrial Research Assistance Program (NRC-IRAP) is Canada's premier innovation assistance program for small and medium-sized enterprises (SMEs). It is a vital component of the NRC, a cornerstone in Canada's innovation system, regarded world-wide as one of the best programs of its kind.
